

Asia Pacific OTT revenues to climb by 90%

OTT TV episodes and movies revenues for 22 countries in the Asia Pacific region will reach \$54 billion in 2026; up by 90% from the \$29 billion recorded in 2020.

China will increase by \$8.4 billion, India \$4.7 billion and Japan \$4.5 billion. Indian revenues will nearly triple, with Japan close to doubling.

Simon Murray, Principal Analyst at Digital TV Research, said: “China will account for 44% of the region’s revenues by 2026, down from 54% in 2020 as other countries catch up. China will add \$5 billion in AVOD revenues between 2020 and 2026, with SVOD bringing in an extra \$3 billion.”

SVOD revenues in Asia Pacific overtook AVOD revenues in 2019. Revenues for both AVOD and SVOD will double between 2020 and 2026 to \$22 billion and \$28 billion respectively.

- There will be 508,000 SVOD subscriptions by 2026 compared with 286,000 at end-2020. The average SVOD subscriber will pay for 1.92 SVOD subscriptions by 2026, up from 1.43 in 2020. Just over half of the TV households will pay for at least one SVOD subscription by 2026.

- **Netflix** will remain the market leader by some distance. OSN will show strong growth based on its added content.

- **Netflix** launched in January 2016. We forecast 195,000 subscribers by 2026; up from 132,000 in 2020. Netflix is carried by Ooredoo.
- **Amazon Prime Video** started operations in November 2016 as part of its global rollout. Subscriptions are cheaper than Netflix at \$5.99/month, but Amazon offers less original or local content than Netflix. We forecast 26,000 Amazon subscribers by 2026.
- **Apple TV+** started in Qatar with its global rollout in November 2019, with 12,000 subscribers expected by 2026. **HBO Max, Paramount+ and Disney+** are not expected to start in the Arabic-speaking countries due to deals with OSN.
- **OSN (briefly called Wavo. QAR35/month)** launched its SVOD platform in August 2017. As well as 27 linear channels, OSN exclusively carries Disney+ originals and HBO content. We forecast 92,000 subscribers by 2026.
- After a cost cutting drive and in preparation for an IPO in 2021, OSN places more emphasis on its SVOD platform. OSN has exclusive deals with seven Hollywood studios. It will increase Arabic content to a quarter of the total.

- Transmitting in English, Arabic and French, **StarzPlay** has 6,000 hours of Hollywood content as well as 2,000 hours of Arabic content. In October 2015, Ooredoo TV signed an exclusive distribution deal with StarzPlay (QAR30/month). More Arabic content will lead to 107,000 subscribers by 2026.
- MBC's **Shahid VIP** provides linear channels as well as on-demand content. We forecast 55,000 subscribers by 2026.
- **beIN Connect** provides access to 34 linear channels available on the satellite TV package as well as 2,000 on-demand TV episodes and 300 on-demand movies – free to satellite TV subs or \$18/month to others.
- Hong Kong's **Viu** started operations in Bahrain, Egypt, Jordan, Kuwait, Oman, Qatar, Saudi Arabia and UAE in February 2017. With 40,000 hours on offer, local content is included as well as international fare to appeal to ex-pats.
